Subject: Application for Experimental Use Permit

Mike and Elizabeth,

Good afternoon. I hope that you are both well.

I'm pleased to inform you that the decision has been made to move forward with an application for an experimental use permit. To facilitate preparation of such an application, Tricia and I would like to have a brief conversation with you to ensure that we are fully aligned regarding the information that BPPD would like to see in an EUP application, and to inform you of the intent regarding timing of a submission.

We appreciate the time and effort that BPPD has devoted to issues related to this matter, and fully acknowledge the guidance that has been provided in your letters of 14 June and 08 September. We would not expect that our next call would require a written response; rather, we would just like to provide you with information regarding the expected time frame for moving forward, and obtain clarification of (1) how much of the information provided in the 07 July submission should be included in an EUP application, and (2) the level of detail required

regarding site information. (Again, we acknowledge the information provided in your 08 September letter regarding additional information that BPPD would like to see in the context of an EUP application. Please be assured that that information is being developed and prepared.)

Tricia and I will make any time convenient for you next week work for a call – except please note that Thursday (02 November) is unavailable from 8:00 am – 2:00 pm.

I look forward to hearing from you.

I hope that you both have a wonderful weekend,

Best,

Keith
